

Rooster UK RS Tera National Championships

31st August – 1st September 2020

NOTICE TO COMPETITORS – Number 1

Please note the following answers to questions received by the Race Committee:

Please can you confirm in intended period of time between the Pro and Sports starts.	In each sequence of starts we expect there to be approximately five minutes between the RS Tera Pro start and the RS Tera Sport warning signal. This is primarily to facilitate adjusting the start line for the larger RS Tera Sport fleet.
Is the intention to do all four races back to back?	Yes. We will complete a maximum of four races and we intend for all races in a day to be sailed back to back. There is no intention to come ashore for lunch and relaunch for a second session.

Tom Rusbridge
Race Officer
